SENIOR HIGH SCHOOL

ELITE

SOCCER

PROGRAM

Opportunity

The Elite Soccer program at Ocean Reef Senior High School follows a continuum of development in line with the physical, mental and emotional well-being of the adolescent by focussing on the individual and progressing to group/team interaction. The program is designed for those advanced players who wish to enhance their skills whilst playing in a team of talented individuals.

Please note that students accepted into programs for Year 7 commit to continuing in the program until the end of Year 10. Year 10 students may be selected to compete in the SingaCup Tournament in Singapore.

Students can further their achievement in Soccer in Years 11 and 12 by enrolling in the Physical Education Studies course which can be used towards their ATAR.

Ocean Reef Senior High School has seen significant achievements with both the junior and senior teams winning multiple championships, as well as outstanding results against Specialist European and Asian Soccer Schools in the SingaCup.

Selection

This course is open to both male and female students. Students selected will attend Ocean Reef Senior High School on a full time basis and participate in the extensive curriculum offered at the school. Entry into the course will be by invitation after a trial selection process. Continued involvement in the program is reliant upon achievement in line with course expectations and maintaining Good Standing in the school. Interested families are requested to complete the special application form overleaf. Successful applicants will be notified after 14 September 2022.
