Information for students and parents Learning at Home

Created by Louise Organ

Wednesday, 8 April 2020 @1:54PM

Good afternoon

In line with the advice from the Minister for Education, staff at ORSHS have been updating course overviews, developing resources and designing lesson plans to support learning at home.

Term Two begins on Tuesday April 28. Students will be expected to follow their course overviews and lesson plans, and access resources provided by their teachers. Students will access lessons based on the normal school timetable structure. More detailed information is provided in the attached top tips for students and parents.

You are not expected to be the replacement teacher at home. Maintain your role as a parent. If your child needs help, remind them to contact their teacher through a Connect message or email. Teachers are available from 8:50-3:15.

As information is received from the Department of Education, we will communicate with all parents and students about what the Term Two assessment structure will look like.

Thank you for your ongoing support. Take care.

Regards

Leah Crawford

Associate Principal
