

New Notice

School Space Ocean Reef Senior High School

## Updated School Response to COVID 19

Created by Leah Crawford

Friday, 20 March 2020 @3:05PM

Dear Parents and Carer's

At Ocean Reef we understand and respect parent decisions to keep their child at home.

Teachers are receiving requests from parents and students to provide work to be completed at home. Students can access their course outlines through Connect. They will be able to follow the program being covered in class. Some resources may be available online in Connect and/or OneNote. Should schools be closed in the future, teachers will be focused on further development of online resources through our platform. As a parent if you are unsure of how to access Connect, please contact the front office for assistance.

The Department of Education has announced that curriculum resources will be available on a public website as of Monday 23 March. This will provide activities and resources across learning areas and year levels for parents to access.

As a school we are endeavouring to provide accurate and up to date information to parents. I recognise this is a concerning time for parents and families. We are responding to an evolving situation and appreciate all the thanks and support we are receiving.

I will provide another update early next week, including a link for the new department resources website.

Take care

Karon
