SENIOR HIGH SCHOOL

# 2024 BYOD INFORMATION

## OCEAN REEF SENIOR HIGH SCHOOL BYOD MINIMUM SPECIFICATIONS 2023/24

BYOD MINIMUM SPECIFICATIONS:		
Specification	Minimum Requirement	Notes
Operating System	Windows 10 Home (x64)	Since the units will only be connected to the wi-fi it can be home addition. x64 architecture to fit within our existing school environment NB: Some parents may opt for a MacBook however please be aware not all the required software (especially the OneNote plugins) will work on a Mac and support from ICT will be limited. <b>Chromebooks and iPads are not supported and will not work at the school</b>
Input	Keyboard	Minimum requirement for use across learning areas is keyboard. <b>Highly recommended 10-point touch enabled screen, stylus pen and keyboard.</b>
Wi-Fi	a/n/ac 5 GHz or Wi-Fi 6AX	Units must be able to connect to a Cisco n/ac standard wireless access point. <b>Must be 5Ghz compatible.</b>
Battery	6 hours minimum	Units must remain charged for a full school day with moderate use.
CPU (Processor)	Intel Celeron 6th Gen or above	The better the processor e.g. Intel core i3/i5 the better the experience for your child. Please be aware some cheaper units offer AMD processors that may not be optimized for a mobile use and can be very power hungry. For optimal experience intel i5 11th Gen is recommended
Screen size	13.3"	A balance between weights, usability, battery life. Too small you will require a lot of scrolling, too large uses more battery and cannot be placed safely on the desk.
Output	1 x USB 3.0	Please consider having at least one USB charge port and HDMI or display port. It is good to have at least 2 USB ports.
RAM	8GB	To enable having more than one application open. <b>For optimal experience 8GB RAM is recommended but for upper school use 16 GB is preferred.</b>
Storage	256GB	Solid state drive gives better performance and uses less battery. <b>For optimal experience a 256GB SSD is recommended.</b>

RECOMMENDED SUGGESTIONS:		
Specification	Minimum Requirement	Notes
Weight	Under 2kgs	A balance with weight, robustness, usability. Ideally the weight of the unit is kept to under 1.5kg
Carry Case	Padded carry case with ridged corners	Must fit inside your child's school bag.
Warranty	For the expected life of the unit (1-3 years)	Most consumer grade units have a 12-month 'Return to Base' warranty with no timelines on repair times. Consider whether supplier has a depot in Perth or if the device is sent interstate for repairs. <b>Recommended 3-year warranty with accidental damage cover.</b>
Portable Power pack	Minimum 20,000Mah for charging laptop	<b>Highly recommended for maximum use of BYOD.</b>
Insurance		<b>Highly recommended.</b> Please consult your home insurance policy or credit card insurance.
Portable hard drive or cloud storage		For backups. In addition, all the students have access to 1TB storage in OneDrive.

SOFTWARE INSTALLATION:	
Software	Rationale
Windows 10 Home or above (64 Bit)	Operating System, x64 architecture to fit within our school environment. <b>Windows S is not compatible with the school environment</b>
Corporate grade Antivirus	Paid subscription ensuring you have support and updates.
Acrobat Reader <a href="https://get.adobe.com/reader/">https://get.adobe.com/reader/</a>	To open PDF documents.
Minecraft for education <a href="#">Download   Minecraft Education Edition</a>	Minecraft: Education Edition has features built specifically for learning environments to support collaboration, assessment, coding, and more.
Java Runtime Environment <a href="https://java.com/en/download/">https://java.com/en/download/</a>	Enabled execution of Java applications.
Microsoft Office 365 including Word, Excel, Powerpoint, OneNote, Publisher & OneNote plugin. Learning tools for OneNote: <a href="https://www.onenote.com/learningtools">https://www.onenote.com/learningtools</a>	Office 365 subscription is available at no cost for Department of Education students (student email and password required for the free download). <a href="https://www.microsoft.com/en-au/education/products/office">https://www.microsoft.com/en-au/education/products/office</a> Windows 10 is required for activation of Office 365.
VLC Player <a href="http://www.videolan.org/vlc/download-windows.html">http://www.videolan.org/vlc/download-windows.html</a>	Open source media player and multimedia framework.
