OCEAN REEF
SENIOR HIGH SCHOOL

SOCCER PROGRAM

The Soccer Program welcomes passionate, committed players with a love for the game and a desire to improve their skills. The program is designed to provide relevant and meaningful learning experiences according to the player's skill level whereby students are exposed to working individually, in partners, and in groups to expand their self-understanding and ability to cooperate with others.

By creating purposeful and relevant opportunities that cater for different learning needs, students can develop the skills, knowledge and understanding to achieve better outcomes not only on the soccer pitch, but in their personal endeavours in the community as they move toward adulthood.

The culmination of the soccer program arrives at the end of Year 10 with a trip to Singapore to compete in the SingaCup. This tournament provides the opportunity to combine the technical and tactical elements in competition against schools and academy teams from around the world through an unforgettable, formative life experience on the international stage.

Soccer sessions are designed to

The Soccer Program provides bi-weekly classes for students in Years 7-10 to stimulate the technical, tactical, physical, and emotional development of the soccer student.

Develop functional game skills:

Improve technique, decision making and positional play.

Apply functional game skills in a team context:

Improve game understanding in all 4 moments of the game (attack, defence, transition when the ball is won, transition when the ball is lost.)

Create an enjoyable, competitive environment:

Foster a culture of hard work, self-improvement, and passion for the game, instilling a growth mindset in students to achieve their best both on and off the pitch.

Develop leaders:

Provide opportunities for students to lead others and take ownership of their learning, ensuring every child is on a pathway to success by nurturing the skills and values needed for ongoing learning and life beyond school.

Selection

This course is open to both male and female students who reside within the local intake area or have an approved enrolment within the school. Entry into the course will be by invitation after a trial selection process.

Continued involvement in the program is reliant upon achievement in line with course expectations and maintaining 'Good Standing' in the school. Interested families are requested to complete the special application form overleaf. Successful applicants will be notified after 4 June 2024.
